Welcome to the world of AZ Toys!

AZ Toys is a well-known brand created by the AZ Group of companies, with the international offices in Poland, Estonia and Belarus. Drawing on 25+ years of experience, our team of highly skilled professionals strives to merge latest advances in early education and child entertainment to create unique and advanced toys.

We are proud to provide the little ones with a wide range of smart interactive toys – from tablets, kids' pads, smartphones, musical pianos and musical mats, active learning toys to educational cards, clever pens, microphones and unusual puzzles. Designed for children from 0 to 8, our toys encourage interaction and learning through play. Our products spark kids' enthusiasm for exploring and discovering new things, and teach them to think outside the box. We see our goal in making children excited about learning; that's why 'playing to get smart' is our key principle.

We place the utmost importance on the safety and quality of our products. All of our toys comply with European and international manufacturing and safety standards. Our ambitious projects are carried out by talented and dedicated educators, methodologists, illustrators, designers, actors, narrators, sound supervisors and engineers. In order to deliver a highly adaptive product, we take into consideration all emerging tendencies and cultural aspects of the toy market.

The AZ Group of companies is a regular participant in top international fairs where we are pleased to unveil our cutting-edge novelties, and exchange valuable ideas with colleagues. Striving to offer the best possible solutions, we constantly extend our product range and increase our professional experience.

Our partners worldwide have already appreciated the originality, variety and excellent quality we successfully deliver. The policy of our cooperation is based on flexibility. We offer diverse and mutually advantageous partnership including OEM and ODM. Multilanguage support and different packaging options allow us to be adaptive to any culture and market and to set affordable prices.

We invite you to discover the whole range of our toys and start cooperation with us. We will be glad to see you as a distributor of our existing products!

You are welcome to learn more about AZ Toys at www.az-toys.com.
We will be excited to share our success with you!

Sincerely Yours,
The AZ Toys Team

Educational Boards

UNIQUE Creative Board!

Children like drawing so much, but learning is important, too. So, why not combine them?

Getting new knowledge is so exciting with fun sounds and illustrations!

In this way, drawing turns into a fun educational game!

The toy plays sound over the musical note!

UNIQUE Sound Puzzles

- Your kid will enjoy assembling colourful puzzles from large pieces. Some sets offer multiple assembly options.
- The little one can then play with the toy, driving it along the musical track.

Toy options:

- Every time the car hits a musical note on its way, the child hears a new song, melody and sound – all related to the theme of the puzzles.
- And finally, through games, songs, pictures and puzzles, the child can explore various themes: farm, forest, jungle, sea animals; dinosaurs, vehicles, etc.
